

SPEC SHEET

Cube Modular is the exclusive distributor of CN10 containers for major international sporting events and the UK and Ireland - a market leader in foldable container solutions. Utilised at global events and venues, Cube's award-winning foldable buildings are ideal for site offices, dressing rooms, box offices and point of sale units as well as for storage, cooling and heating purposes.

Size (L x W x H):

- ▶ Folded: 3000 mm x 2440 mm x 490 mm
- ▶ Erected: 3000 mm x 2440 mm x 2610 mm
- ▶ Inner height: 2420 mm
- ▶ Inner width: 2260 mm
- ▶ Inner length: 2870 mm

Weight:

- ▶ 850 kg

Logistical Advantages:

- ▶ Depending on the size of the truck, 20-24 units can be transported on one vehicle
- ▶ Can be loaded on PMC pallets for air freight
- ▶ Decreases the logistical, as well administration costs (e.g. entry permits), by 80% - 83.33% due to its stacking ability, when in folded position
- ▶ Decreases the space needed for warehouse storage by 80% - 83.33% due to its unique folding capabilities
- ▶ Can be loaded and unloaded, erected and taken down by forklift, telehandler or crane.

Operational Advantages:

- ▶ Comfortable – units can be mounted with AC or heating panels
- ▶ Quick installation and de-rig, on level surfaces, taking 5 -10 mins
- ▶ Installation and de-rig by 1 crew +1 operator
- ▶ Optimal usage of space onsite
- ▶ Ideal for use where site access is limited, due to the units' foldable transportation abilities
- ▶ Wide range of set-up variations and scalability available
- ▶ Multifunctional: e.g. as accommodation, office, first aid, storage and POS units
- ▶ Safe – due to the patented hinge mechanism, the unit can only be folded down with the use of a special hand tool
